# Manish Kumar Prajapat

*Aspiring Full Stack Web Developer*

7014162252 manish2750797@gmail.com LinkedIn GitHub Jaipur, India

## PROFESSIONAL SUMMARY

Aspiring **Full Stack Web Developer** and Computer Science student at ICFAI University Jaipur with hands-on experience in building **responsive and user-friendly web applications**. Skilled in **React.js, Next.js, Node.js, Express.js, MongoDB, HTML, CSS, and JavaScript**. Passionate about developing real-world projects, learning new technologies, and building efficient, scalable web solutions. Seeking opportunities to apply my skills and grow as a Full Stack Web Developer.

## WORK EXPERIENCE

**AI & Emerging Technologies Intern** | Internship — May 2026 - Jul 2026

*1M1B (One Million for One Billion) × AICTE* — *Remote • India*

- Completed an internship in **AI & Emerging Technologies** through the 1M1B × AICTE initiative, gaining hands-on experience in developing technology-based solutions.
- Independently designed and developed **AquaAlert AI**, a water scarcity early warning system focused on Rajasthan.
- Implemented interactive risk scoring and visualization features using **HTML5, CSS3, and JavaScript** to support water scarcity risk awareness.
- Applied technology to a real-world sustainability challenge, enhancing awareness of water scarcity and responsible water resource management.

***Technologies / Skills Used :*** *HTML5, CSS3, JavaScript, HTML5 Canvas, Responsive Web Design*

## PROJECTS

**GPAHub – University CGPA & Percentage Calculator** | Github Website

*Independent Web Developer*

- Developed a responsive CGPA and percentage calculator supporting multiple universities with university-specific grading formulas.
- Implemented 100% browser-based processing, eliminating the need to send students' academic data to a backend server.

***Technologies / Tools Used :*** *React, Node.js, Express, Tailwind CSS*

**PixOptimize – Image Compression & Optimization Tool** | Github Website

*Independent Web Developer*

- Built a browser-based image optimization tool supporting image compression, resizing, and format conversion.
- Implemented client-side processing with batch optimization and target file-size presets ranging from 50 KB to 1 MB, enabling users to optimize images without uploading them to a server.

***Technologies / Tools Used :*** *React, Node.js, Tailwind CSS, Express*

**Weather Forecast – Real-Time Weather Application** | Github Website

*Frontend Web Developer*

- Developed a responsive weather application using a weather API to display real-time weather information across desktop and mobile devices.
- Integrated API data to display 3 key weather details: temperature, humidity, and current weather conditions through a user-friendly interface.

***Technologies / Tools Used :*** *HTML, CSS, JavaScript, Weather API*

## SKILLS

| | |
|---|---|
| **Programming Languages :** | C, C++, Python, JavaScript |
| **Frameworks & Libraries :** | React.js, Next.js, Node.js, Express.js, Tailwind CSS, Bootstrap |
| **Tools & Platforms :** | Git, GitHub, VS Code, Google Antigravity |
| **Databases :** | MongoDB, MySQL, Cloudinary |
| **Soft Skills :** | Problem Solving, Quick Learning, Teamwork, Time Management, Adaptability |
| **Languages :** | English, Hindi |

## EDUCATION

**The ICFAI University** | Jaipur — 2024 - 2028

*B.Tech CSE* — *CGPA : 8.0*

Pursuing a degree at **ICFAI University Jaipur** with a focus on **software development**, **programming**, and building practical technical skills.

## CERTIFICATIONS

- **The Joy of Computing using Python — Elite Certification**
  NPTEL, IIT Madras | 12-Week Online Course | Jul–Oct 2025
  **Score:** 86% | **Achievement:** Silver Medal
- **AI for Sustainability Virtual Internship**
  1M1B | Supported by AICTE, in collaboration with IBM SkillsBuild
  May–July 2026
- **Data Structures & Algorithms (DSA) — Supreme 4.0 Batch**
  CodeHelp | Mentor: Love Babbar | Issued: June 2026
- **Delta — Full Stack Web Development**
  Apna College | Course Completion Certificate
